

Saskatchewan Distance Learning Centre's (Sask DLC) Resource Bank is a dynamic, free collection of K-12 digital educational resources created for teachers, school divisions, parents, students and the community.

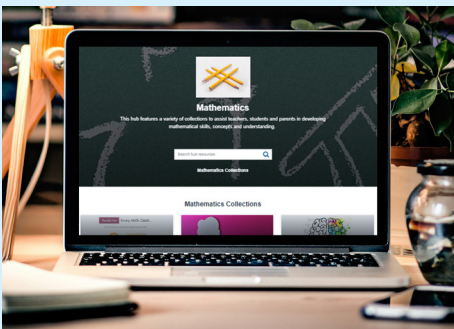

The Resource Bank helps you find materials through keyword searches, exploring hubs and accessing featured collections.

"I use the Resource Bank because what I find there is tried and true. Classroom teachers have used these resources with their students, and found them engaging, interesting, and valuable enough to share with their colleagues.

I know that what I find in the Resource Bank will be useful to me and my students!"

Ellyse

Grade 8 Teacher

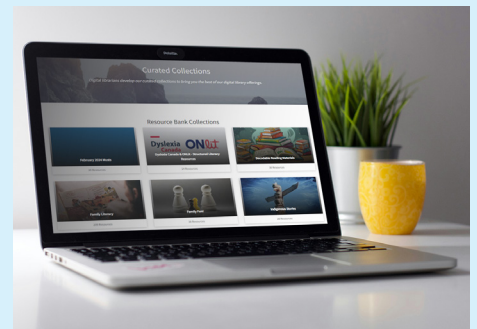

Hub

Resources organized by similar topics, making it easy to discover content aligned with interests or needs.

Collection

A themed resource group providing lesson plans, activities, articles, videos and interactive tools for comprehensive learning.

Featured Collections

Curated content providing insights into current events and activities throughout the province.

Contact

For more information and training opportunities please contact Sask DLC at resourcebank@saskdlc.ca or visit our Microtutorial Hub at www.resourcebank.ca/hubs/microtutorials.

Teaching Resources... Anytime, Anywhere

Learn more at resourcebank.ca

Resource Bank Advantages

- Enhance learning by using exciting tutorials, lessons, podcasts, videos, project ideas and games for students
- Align lessons and assessments to Saskatchewan curricular outcomes
- Share and create resources with colleagues
- Utilize on-demand professional learning for PD days
- Family supports for at home learning
- Uncover a wealth of learning resources from existing Sask DLC courses (course timelines, unit and lesson hand outs, projects, images and more)

Resources are evaluated, approved and organized by educators and searchable by curricular outcomes.

Say goodbye to endless searches!
Saving you time without compromising on quality!
